

LEGAL UPDATE

Blockchain Seminar

16 April 20251 min read

Blockchain is revolutionising global trade and presenting both opportunities and challenges in the fields of intellectual property law, contact law and regulatory law. This seminar will provide an introduction to Blockchain including an understanding of the technology, the use of Blockchain and a discussion of the technical and legal risks associated with Blockchain.

Join us for a seminar which provides insight into:

- An introduction to blockchain.
- Understanding the technology.
- How do we use blockchain?
- What are the risks – technical and legal?

SPEAKERS:

Des Williams – Director, Werksmans

Carel de Jager – Consultant, Blockchain Academy (Pty) Ltd

Alain J Renard – Managing Director, AJR Corporate Financial Services

Natalie Scott – Director, Werksmans
