

LEGAL UPDATE

Healthcare and Life Sciences Law Seminar

16 April 2025 2 min read

We welcome 2018 with fundamental shifts and changes in regulation governing health care in South Africa as well as draft proposed regulations under our privacy laws. We are also drawing to the close of the health market inquiry under the auspices of the Competition Commission. Much is happening and is to happen for purposes of legal developments in 2018 and beyond in the areas of healthcare and life sciences.

Please join us for a seminar where our experts will take you through the changes and expected changes for 2018 and beyond. Make our seminar a crucial part of your planning for business in 2018 and beyond in the areas of healthcare and life sciences.

Agenda:

Introduction and Welcome

- **Healthcare in 2018**

Bonusing and Sampling – What you can and can't do in respect of the supply of medicines and medical devices: Analysis of the Draft Regulations currently available for Public Comment.
