Healthcare & Life Sciences Law Seminar

16 April 2025 1 min read

We welcome 2019 with fundamental shifts and changes in regulation governing healthcare and life sciences law in South Africa.

Please join us for a seminar where our panel of experts will take you through the changes and expected changes for 2019 and beyond.

Topics to be covered:

- Consumer Protection Act involving product recalls;
- Processing health information under the Protection of Personal Information Act;
- Direct marketing under the Consumer Protection Act and Protection of Personal Information Act;
- Commercial exploitation of cannabis and cannabis-related products; and
- The proposed structures under the NHI Bill.
