

LEGAL UPDATE

Land Reform Seminar

16 April 2025 1 min read

Land reform, restitution and redistribution have received elevated impetus and focus in South Africa. In September 2018, President Ramaphosa announced the appointment of a ten-member expert and advisory panel to provide advice and guidance on a new unitary policy regarding land reform.

[Bulelwa Mabasa, Werksmans Head of Land Reform, Restitution & Tenure Practice](#), is the only attorney appointed to this panel.

Please join us for a seminar where Bulelwa, together with other members of her team, will share unique insights, direction and updates on key proposals and legislation that is likely to demystify a rather contentious topic.
