

LEGAL UPDATE

Land Reform Seminar

16 April 2025 1 min read

The much-anticipated report of the Expert Advisory Panel on Land Reform and Agriculture was published on 28 July 2019, contained in 144 pages.

Our Director and Head of Land Reform, Restitution and Tenure Law practice, Bulelwa Mabasa was instrumental in the process as the only attorney on the panel.

Please join us for an update as Bulelwa Mabasa, Anele Ngidi and their team unpack the recommendations made by the Panel. As expected, the report has attracted considerable commentary. We invite you for a unique opportunity for the report to be unpacked by members of the Land Reform and Restitution practice area.
